

HARRISONS GARDENWORLD

2021 DECIDUOUS CATALOGUE ORNAMENTALS AND FRUIT

Welcome to our Deciduous Ornamental Tree, Shrub and Fruit Tree Catalogue.

We are pleased to offer a sensational selection of high quality deciduous trees/shrubs and fruit trees. This year **Large Grade** trees are also available – please enquire at the garden centre for further information.

Deciduous plants provide interest in the garden throughout the year and are suitable for every garden - large or small. In the case of fruit trees there is also the added enjoyment of eating your own home-grown produce.

All of the trees and shrubs we supply are backed by our exclusive *Plant Performance GUARANTEE*.

Enclosed is our order form. Please note, it is advisable to order early as many varieties are in limited supply. All deciduous ornamental and fruit tree/shrub orders will be confirmed on a first in, first served basis.

If you are unable to find a particular plant in the catalogue, please do not hesitate to request it. Our plant finding service is very efficient!

Please feel free to seek our recommendations on the best choice of deciduous tree/shrub or fruit tree for your garden. We have an experienced team who are only too happy to help.

All orders placed are eligible for inclusion on your Harrison's Advantage Card.

Happy Gardening from your Team at Harrison's!

Plant Performance[™] **GUARANTEE**

If within 12 months any plant purchased from Harrison's fails to perform to your expectation
Please return it with proof of purchase.
We will happily replace it with any equivalent plant to the same value.

PLANTING HINTS

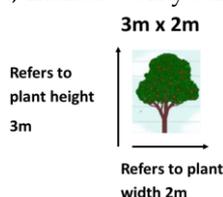

1. **SELECT YOUR SITE** - Suitable for the tree you have chosen.
2. **SITE PREPARATION** - Dig a hole large enough for the roots to be spread out without distortion and deep enough for the tree to be planted at the same depth as it has been in the Nursery. Add Ican Slow Food with the soil at the bottom of the hole and halfway when back filling the hole. This will provide up to 2 years continuous feeding. Prune back any damaged roots to sound wood.
3. **STAKING** - Insert a stake slightly off centre in the bottom of the hole and drive it in until secure. This will normally be 30-45cm (12-18in). Place the tree or the shrub in the centre of the hole, locating the stem 2.5cm (1in) from the stake, ensuring that the stake reaches only to the lowest branch. Ensure that the top of the stake does not interfere with the crown of the tree or shrub and adjust the height of the stake where necessary either by driving it deeper or by cutting off the top.
4. **PLANTING** - Spread the roots of the tree or shrub laterally and backfill with soil. Firm soil carefully to exclude air pockets, taking care not to damage the roots.
5. **PROTECTING THE TREE** - Where stems may be damaged by animals or machines, place a plastic tree guard around the stem or around the stem and stake. Secure the tree or shrub to the stake, using a tree-tie attached to the top of the stake no more than 2.5cm (1in) from the top. Additional ties may be necessary to stop the stem rubbing on the stake.
6. **PRUNING** - After having carried out steps 1 to 5 the most important phase of the tree's survival begins. Prune at least one third from the tree and always prune branches to an outside bud. The logic of pruning is simply that the roots have been cut, so a balance between branches and roots must be achieved to minimise stress on the plants.
7. **Never** plant your tree when ground conditions are not suitable, i.e. too wet - as this, along with the firming of the soil around the roots, forces the air from the soil and may cause root disease.

**Having carried out these seven steps - sit back and watch
your investment grow!**

OTHER TREE PLANTING ESSENTIALS

Ican Slow Food - 24 Month	500gm	14.99 or 2 for \$25

ORNAMENTALS

ACER - JAPANESE MAPLES

Maples have an appeal for their various features; finely cut foliage, incredible autumn colour. In general terms, most Maples prefer reasonably sheltered positions with good free draining soils with a high organic content. Dappled shade is ideal for many, and while maples are very frost hardy they detest hot, dry, windy situations.

	Grade	Price
<p>Acer p. Bloodgood Small rounded tree with deep red foliage throughout the summer. Autumn foliage is brilliant crimson. Requires some shelter. 4x3m.</p>	1.5m	69.99
<p>Acer rubrum Brandy Wine Emerald green leaves in summer and persistent autumn colour that begins bright red and turns brilliant purple-red. Mature tree develops into an oval rounded form. Makes a great street or lawn tree. 8x10m.</p>	2m	74.99
<p>Acer Buergerianum Hardy maple. Rounded crown with low-spreading branches. Copper-red new growth with leaves turning green in summer. Autumn leaves of vivid red, apricot, and yellow. Smaller-growing, compact shade tree. 7m x 6m.</p>	1.5m	69.99
<p>Acer p. Chishio A slow growing small Maple suitable for town gardens or a special container. Flame pink leaves burst forth in spring gradually turning a more subdued green. The vivid pink red tones return in autumn. Very attractive and desirable. Protect from strong winds. Est.10yr.growth. 1.3x1m.</p>		59.99
<p>Acer Emerald Lace Lace leaf Maple. Foliage lime green when it first appears in Spring, darkening by mid summer, turning bright burgundy-red in autumn. 2m.</p>	90/100	59.99
<p>Acer p. Fireglow Upright well branched shrub with 5 to 7 lobed wine-red foliage that keeps its intensity of colour well during hot summer conditions. Retains a bushier more compact habit. Spectacular scarlet-crimson autumn foliage tones. 3.5m.</p>		59.99
<p>Acer p. Fjellheim This unique maple was found as a witch's broom growing on 'Sango kaku', the Coral Bark Maple, this variety also exhibits bright red bark but is more compact. 1.2x1m.</p>		59.99
<p>Acer Diss. Green Mist A vigorous, cascading lace-leaf Japanese maple with soft green, deeply-cut leaves that provide a soft "misty" appearance. Autumn colour is absolutely outstanding with blends of bright orange and red.</p>		59.99
<p>Acer Griseum - Paperbark Maple The old bark on the trunk and main branches flakes back to reveal cinnamon-chocolate underbark. Green foliage turning red and scarlet. 7x5m.</p>	1.5m	74.99

	Grade	Price
<p>Acer platanoides Nigrum Black Norway Maple – Young growth is a brilliant deep crimson turning blackish-crimson when mature. Crimson in autumn. Cold hardy. Open position not too exposed. 7x5m.</p>	2m	69.99
<p>Acer p. Osakazuki Attractive seven lobed bright green young foliage, rich green through summer and colouring in autumn to fiery orange or crimson scarlet. Considered the most brilliant Japanese maple for autumn colour. 4 x 3 m.</p>	1.5m	69.99
<p>Acer p. Red Emperor An upright growing small tree with very deep red to black-red leaves. Holds the deep colour right through the summer. Scarlet autumn colour. 4m.</p>	1.5m	69.99
<p>Acer rubrum Red Sunset Forms a broad, columnar head of compact branches with larger than normal green leaves. Spectacular autumn colour of orange and crimson start from a young age on this tree. 10m.</p>	2m	74.99
<p>Acer d. Russet Lace Leaf New weeping maple with wonderful russet colours of yellow/gold, and orange/red. Green tones intensify in summer. Autumn colour is a mix of orange and red. Slow growing. 1.5m.</p>		74.99
<p>Acer p. dissectum Seiryu Lace Leaf Maple. Upright growing with finely dissected green foliage clothing gracefully arching branches. Autumn colours are soft yellows to gold. 3 x 2.5m.</p>	120/150	59.99
<p>Acer p. Senkaki Red stemmed Maple. Lovely green foliage turns butter-gold before leaf fall, revealing the brilliant red stems and twigs. Cold hardy. Needs wind shelter. 5x3m.</p>	1.5m	69.99
<p>Acer p. Shaina Distinctive bright red new foliage maturing to deep maroon in summer. Upright compact plant, becoming denser with maturity. 3 x 2 m.</p>	1.2m	69.99
<p>Acer p. Shindeshojo In spring new leaves appear deep pinkish-crimson changing to reddish-green and then orange-red. A very striking small tree. 2.5 x 2m.</p>	1.2m	69.99
<p>Acer p. Shirazz Variegated leaves of pink, green and creamy white. New growth emerges with crimson-pink tones changing to scarlet in autumn. Vigorous upright habit when young, maturing to graceful arching branches. 3m.</p>		59.99
<p>Acer p. Suminagashi Strong growing upright tree with reddish purple new growth, turning purple in summer and scarlet in autumn. Leaves boldly serrated with long pointed lobes. 4m.</p>		59.99

	Grade	Price
WEeping JAPANESE MAPLES		
Acer p. dissectum Crimson Princess Spring foliage is red turning bronze in summer and bright scarlet in autumn. Cascading branches form a dome-shaped plant at maturity. 1x1m.	1m std	69.99
Acer p. dissectum Crimson Queen A small spreading weeping form with scarlet-red stems. Retains leaf colour throughout the summer, turning fiery scarlet in autumn. 1x1m.	1m std	69.99
Acer Esk Flamingo A very spectacular Maple. Its prime show is in summer and autumn when the leaves are mottled with spectacular pinks and creams. Graceful weeping habit. 3m.	1m	74.99
Acer p. dissectum Orangeola Stunning orange-red foliage in spring, bronze-red in summer and brilliant red-orange in autumn. Cascading branches form a dome shaped plant at maturity. 1x1m.	1m std	69.99
Acer d. Tamukeyama Deep reddish purple foliage with a growth habit that is vigorous. 1.5x2m.	1m std	69.99
Acer p. dissectum Viridis New fresh, soft green spring foliage. Dissected leaves delicately lace-like turn lime-green in summer. Spectacular autumn tones of fiery gold and orange. Soft mounding habit. 1x1m.	1m std	69.99
AESCULUS - HORSE CHESTNUT		
Aesculus carnea 'Briotii' Good for a hot dry position, with rich green dainty ferny leaves, rounded fluffy brushes of pink stamens during the height of summer. 5 x 4m.	1m	74.99
ALNUS-ALDERS		
Extremely fast growing trees. They will grow anywhere (except right on the coast) and are particularly good in wet boggy areas.		
Alnus cordata - Italian Alder A splendid medium to large conical tree, very hardy. Will stand a wide range of conditions. Bright green glistening foliage. 10 x 5m.	1.5m	59.99
Alnus Glutinosa Small to medium tree with very finely divided leaves. Tolerates wet conditions. 4.5m.	2m	49.99
BETULA-BIRCHES		
A very well known and popular tree, most are noted for attractive bark and autumn colours. Male and female catkins are borne on the same tree. Most birches accept exposed situations and are very cold hardy. Moist but well drained soils are preferred while poorer soils are tolerated. Plant them as isolated specimens or in a small group.		

	Grade	Price
<p>Betula Costata Attractive white-cream peeling bark which is papery in texture. Bright green leaves in summer turning striking golden-yellow in autumn. Can be multi-stemmed. 10m.</p>	2m	79.99
<p>Betula Utilis Jacquemontii This form of the 'Himalayan Birch' has been selected for its very white bark. An attractive medium sized tree from West Nepal. 8x5m.</p>	2m	79.99
<p>Betula Pendula - Silver Birch A tree adaptable to a wide range of conditions. Popular for its semi-pendulous habit. Juvenile bark is golden brown, but as the tree matures, the main trunk and limbs become vivid white with black clefts. 12x6m.</p>	2.5m	59.99
<p>Betula White Spire Like the famous Betula Utilis 'Silver Shadow' but with a more vigorous and upright fastigiated habit. Strikingly white trunk at an early age. 8x4m.</p>	2m	79.99
<p>CARPINUS Carpinus are very hardy, preferring a well-drained moist site with full sun, but are suitable for slightly shaded areas. Resistant to drought and frosts. May be pruned heavily for hedging or screening if desired. Tolerant to a wide range of soils. An attractive tree which is often overlooked and is worthy of wider planting.</p>		
<p>Carpinus Betulus - Common Hornbeam Recommended for single specimens and for hedging, resembling beech for hedging. Green leaves in summer turning bright yellow in autumn. Medium to large tree easily grown. 19m.</p>	2m	59.99
<p>CEDRELLA -TOON TREE Cedrella sinensis Flamingo - Chinese Toon Tree Straight upright branches carry the large ash-like leaves up to 60cm long, divided into 10 or more leaflets. Young growth beautiful shade of pink. Warm spot. Some shelter required. 5x2m.</p>	1m	49.99
<p>CERCIS - REDBUDS AND JUDAS TREE Cercis canadensis Forest Pansy One of the most striking and sought after smaller trees. Leaves develop from deep wine red through deep purple in spring aging to deep bronzy green in summer. Takes on a spectacular blaze of reds in autumn. Pale, rose pink, pea shaped spring flowers. Very hardy and wind tolerant. 3x3m.</p>	1.5m	74.99
<p>Cercis Ruby Falls Large heart shaped purple leaves. Attractive reddish-purple flowers. Characteristics: 'Ruby Falls' is a highly attractive weeping form of Cercis canadensis.</p>	1.5m	74.99
<p>CHAENOMELES - JAPONICA Chaenomeles Alarm Large deep red flowers during winter and early spring. 3m.</p>	.3m	39.99
<p>Chaenomeles Green Ice Chartreuse buds open to semi-double white flowers tinged green. Low spreading habit. Flowers late winter to early spring when the bare branches break forth in a riot of colour. 1x1m.</p>	.3m	39.99

	Grade	Price
<p>Chaenomeles Yokuku Purest white blossom with tinges of green in the throat. The saucer shaped flowers are followed by large yellow quinces – suitable for jellies. 1x1m.</p>	.3m	39.99
CHIMONANTHUS - WINTERSWEET		
<p>Chimonanthus praecox Waxy yellow flowers with centre purple markings. Delightfully scented. Hardy. 3x3m.</p>	.75m	59.99
CORNUS - DOGWOOD		
<p>Cornus alba elegantissima A very hardy red stemmed Dogwood. Broad green-grey leaves with white margins. Cream flowers in early summer. Creates a magnificent display when mass planted. Cold hardy, easy to grow. 2x1.5m.</p>	.3m	49.99
<p>Cornus florida Cherokee Daybreak Green leaves creamy white margins. Large snow white bracts. Autumn tonings are salmon pink and rosy purple. 3x3m.</p>	.5m	69.99
<p>Cornus Eddies White Wonder For many gardeners, this is the pick of the Dogwoods. Large white showy flower bracts in spring and fantastic red and orange autumn colour. 4x3m.</p>	1.5m	69.99
<p>Cornus Florida Rainbow Summer foliage of this upright American dogwood heavily margined with gold. Tinges of pink then rich purple in autumn. Creamy white flowers in spring. 2.5x2m.</p>	.5m	69.99
<p>Cornus alba sibirica Red barked Dogwood – Dark oval green leaves and creamy white flowers. Grown for coral-red stems that are revealed when leaves fall. Stunning planted in groups. Best in full sun. 1.5x1.5m.</p>	.3m	49.99
<p>Cornus florida Cherokee Chief New spring growth deep bronzy red, turning deep green through summer followed by scarlet and wine red in autumn. 3x3m.</p>	70/100	59.99
<p>Cornus florida Cherokee Sunset Green leaves with a lemon yellow margin. Large rosy-red blooms, bronze pink foliage in spring with autumn tones of pink red and purple. 3m.</p>	.5m	69.99
<p>Cornus Kousa China Girl Selected for profolific flowering with large creamy white bracts. The bracts actually start quite small and star like then enlarge and whiten as the central true flowers mature. Upright habit. 4x3m.</p>	50/70	59.99
<p>Cornus kousa Moonbeam A very showy small rounded tree with large white flowers up to 15cm across set above green foliage. Red fruit look lovely against the autumn foliage of crimson to purplish-red. 5m.</p>	50/70	59.99
<p>Cornus controversa Variegata - Wedding Cake Tree A very ornamental small tree with picturesque horizontal branches in tiers, with striking silver margined leaves. 6x4m.</p>	.5m	89.99

	Grade	Price
COTINUS - SMOKE BUSH		
Cotinus Grace The young foliage is a translucent wine-red shown to advantage when planted in a sunny position. The leaves mature to a rich red turning to orange, red and yellow in autumn. Large pinkish plume-like flowers emerge from the red stems, turning smoky-grey by late summer. 3x3m.	.3m	49.99
Cotinus Coggyria Large misty flower head appear in late spring in a fawn colour then turn smoky purple by autumn. A hardy rounded bush, which ends with a magnificent display of autumn foliage. 3x3m.	.3m	49.99
CRATAEGUS - HAWTHORN		
Roseo Plena Double pink Hawthorn – Dark glossy green leaves. Produces masses of small pink double flowers in clusters along the branches in late spring. Hardy tree adapting to almost any well drained soil. Suitable for street planting, hedging or as a specimen. Frost hardy. 5x3m.	2m	69.99
EDGEWORTHIA		
Grandiflora Yellow Daphne – An interesting shrub from China with stout stems terminating in spring. Large silvery buds opening to heads of yellow tubular flowers. 1.5x1.5m.	.3m	59.99
ENKIANTHUS		
Campanulata Upright narrow deciduous shrub, with small bell shaped yellowish flowers with red vein pattern in pendulous clusters. Good autumn colour, prefers acidic soils. 2-3m.	.75m	69.99
FRAXINUS		
Fraxinus pensylvanica Cimmzam A robust low maintenance tree with an excellent branch structure. Dark green summer foliage, turning a deep burgundy and fiery brick-red in autumn. A superb shade tree, well suited to commercial, residential, park and street planting. 10m.	2m	74.99
Fraxinus oxycarpa Raywoodii – Claret Ash The pinnate leaves with small narrow leaflets, are a deep green throughout the spring and summer. In autumn the foliage gradually turns a soft lemon-green with a touch of deep burgundy before achieving its renowned rich claret colour. A very popular shade tree with spectacular autumn colour. 12x9m.	2m	69.99
GINGKO -MAIDENHAIR TREE		
Ginkgo biloba Autumn Gold A large handsome male form with a symmetrical upright habit. Golden autumn foliage. Plant in loose, well-drained soil. 7x4m.	1m	69.99
Ginkgo biloba Fastigiata A very neat upright male form. Good for confined places and small home gardens. Deep green distinctive maidenhair leaves with gorgeous autumn tones. Hardy. 6x2m.	1m	69.99

	Grade	Price
Ginkgo biloba Jade Butterflies Dwarf vase shaped Ginkgo with clumps of dark green leaves that look similar to a butterfly's wings. Wonderful butter yellow foliage in autumn. 3m.	1m	69.99
GLEDITSIA		
Gleditsia Emerald Cascade A very attractive weeping form of the popular 'Honey Locust'. Attractive frond like leaves which are tolerant of wind and industrial atmosphere. 2x2m.	1.8m std	79.99
Gleditsia Limelight A wonderful specimen or shade tree with lime green to yellow coloured foliage. Bred in New Zealand. Easy to grow and cold hardy once well established. Thornless. 6m.	1.5m	69.99
Gleditsia Ruby Lace A selected form of Honey Locust with purplish young growth and greenish purple foliage through summer. Stands dry and full sun. 6x5m.	120/150	69.99
Gleditsia triacanthos Sunburst Lacy feather foliage produced successively throughout summer, clear golden yellow young foliage, darkening to a rich green at maturity. A magnificent specimen tree that will withstand hot dry conditions. 6m.	1.5m	69.99
HYDRANGEA		
Easy care shrubs that give colour for months. Plant in a fairly moist position in full sun to shade. Prune back to double buds in winter. To maintain pink/red shades apply a side-dressing of dolomite lime. For blues apply aluminum sulphate.		
Hydrangea Annabelle		24.99
Hydrangea Ayesha		24.99
Hydrangea Blaumaise		24.99
Hydrangea Blue Deckle		24.99
Hydrangea Bodensee		24.99
Hydrangea Bridal Bouquet		24.99
Hydrangea Goldie		24.99
Hydrangea Grandad		24.99
Hydrangea Hadfield Rose		24.99
Hydrangea Holstein		24.99
Hydrangea Immaculata		24.99
Hydrangea Libelle		24.99

	Grade	Price
Hydrangea Limelight		24.99
Hydrangea Mathilda Gutges		24.99
Hydrangea Raspberry Crush		24.99
Hydrangea Renate Steiniger		24.99
Hydrangea Rose Supreme		24.99
KOELREUTERIA		
Paniculata	1.2m	69.99
Known as the Pride of China. Pinnate summer foliage topped with large heads of yellow flowers, giving place to papery capsules resembling small chinese lanterns. Golden autumn foliage. 4x3m.		
KOLKWITZIA		
Pink Cloud	.25m	44.99
Forms a dense multi-branched shrub with its top stems gracefully arching. In November it is completely draped with masses of pale pink bells. Prune after each flowering. 4x3m.		
LABURNUM - RAIN TREE		
Laburnum vossii - Golden Rain Tree	200/250	69.99
In November, slender deep golden racemes of bloom up to 45cm long, hang through the leafless branches. A graceful specimen tree. 3m.		
LIQUIDAMBAR - SWEET GUMS		
Handsome trees with maple like leaves. One of the finest trees for autumn colour with moderate growth rate, good form, picturesque branch pattern and corky bark. Intense autumn colour.		
Liquidambar styraciflua - American Fruit Gum	1.5m	69.99
Forms a stately pyramidal tree with well spaced branches and rugged corky bark. Handsome shining dark green maple-like leaves changing in autumn to shades of red, orange, yellow and purple. 8x5m.		
Liquidambar Burgundy	1.5m	79.99
A distinguished narrow pyramidal form of this lovely deciduous tree. Large, lobed green leaves turn a deep burgundy red in autumn and hold well until leaf drop. Give this tree plenty of space so the true beauty can be appreciated. Prefers soil that does not dry out completely in summer. 5x3m.		
Liquidambar styraciflua Gumball	1.2mstd	119.00
A special dwarf form that grows into a round ball. Vibrant autumn colours that last well into winter. 2x2m.		
	1.5m std	129.00
Liquidambar styraciflua Lane Roberts	1.5m	79.99
A selected clone from England and most reliable for its rich black crimson-red colour in autumn. Smooth fine bark. Upright conical form. 8x5m.		
Liquidambar Worplesdon	1.5m	79.99
Upright pyramidal form with outer branches gracefully drooping. Finely cut leaves give a brilliant display of yellow, orange and scarlet. 8x5m.		

	Grade	Price
MAGNOLIA		
They are the most magnificent of flowering trees. Flowers are showy, solitary, and some are fragrant cup, goblet or star shaped. They appear before the leaves in most deciduous magnolia's, requiring a sheltered spot. Magnolia's require fertile, humus rich, well drained soils that are moisture retentive.		
Magnolia Apollo Forms a neat small tree with an open spreading habit. Deep rose-pink buds which open to large bowl-shaped rosy-red flowers with a rich fruity fragrance. Mid to late season flowering. 6m.	1m	69.99
Magnolia Black Tulip A smaller growing compact tree with magnificent, goblet-shaped blooms in a stunning red-black. Note that the flowers may not be true to form and customers should be advised that it can take a year or two to settle in. A wonderful tree for an garden situation. 3.5x2.5m.		79.99
Magnolia Burgundy Star The most recent release of the Jury range. Distinctively different with flowers that are many petalled and claret red. Absolutely stunning! The tree itself is tall and narrow making it perfect for small garden planting. 1.5m.		79.99
Magnolia David Clulow Goblet shaped white scented blooms. Upright tree. 4m. Reported to be one of the best white magnolias. Upright tree 4m.	1m	69.99
Magnolia Denudata - The Lily Tree This rounded tree is covered with fragrant pure white cup-shaped flowers in early spring. 5x4m.	1m	69.99
Magnolia Felix Jury Enormous, superb flowers open red and turn rosy pink. A spectacular sight in early spring when the compact tree will be covered in hundreds of blooms. The flowers have the added bonus of being highly fragrant. 5x3m.		69.99
Magnolia Genie Recent Release. Genie is a medium sized, well branched tree. Deep burgundy-black buds open to medium sized cup shaped flowers of burgundy red. Flowers from an early age. 4m.		69.99
Magnolia denudate Gere Late flowering selection of the species. Pure white flowers on small to medium sized upright tree. 4m.		59.99
Magnolia Heaven Scent Upright grower with upright pastel lavender-pink blooms, toned more softly towards the tips with white interiors. Unique colour, strongly fragrant. 4x2.5m.	1m	69.99
Magnolia Honey Tulip Another drop dead gorgeous hybrid from the Jury breeding programme. Large rounded goblet shaped blooms in a soft shade of honey yellow. The petals are of good substance and the flowers appear early spring on bare branches. Plant in a sheltered position in acid soil for best results. 6x4m.		69.99

	Grade	Price
Magnolia Iolanthe From early spring very large bowl shaped rose-pink blooms appear with a creamy white interior. A magnificent variety. 4x5m.	1m	69.99
Magnolia Stellata 'King Rose' Strong growing hybrid. Soft rose-pink buds, open white, tinged pale pink at the base. Small slow growing shrub. Rounded bush habit. 2.5m.	50/70	59.99
Magnolia Koban Dori Beautiful yellow blooms, flowering with foliage dwarfed than other yellow varieties. 4x2.5m.	.75m	69.99
Magnolia Milky Way Upright neatly rounded tree with icy-white cup-shaped fragrant flowers pink at the base and pure white inside. Prolific bearer on bare branches early to mid spring. 5x3m.	.75m	69.99
Magnolia liliiflora Nigra Slender pansy-black curved buds opening to dark maroon-purple, lighter purplish-pink interiors. Flowers in spring. 2x1.5m.	.75m	69.99
Magnolia Old Port Blooms are a very dark wine-purple with the inner surfaces off white. Cup shaped 12cm blooms have a light fruity fragrance. Multi-branched. 3-4m.	1m	69.99
Magnolia Pink Sensation Upright habit of growth with deepish pink, upright flowers. 3m.		59.99
Magnolia Pretty Pink Simply sumptuous large bloom of rich deep pink will delight your senses in spring. Narrow upright habit. Plant in a wind free spot in acid soil for best results.		59.99
Magnolia Red As A smaller growing specimen that flowers heavily at a young age. Glorious goblet-shaped darkish purple-red flowers. 2-3m.	.75m	59.99
Magnolia Stellata Royal Star Star Magnolia. A strong, upright large shrub that flowers in late winter. The blooms open from soft pink buds and are large, fragrant, snowy-white and star-like with green foliage. Plant in a sunny, sheltered spot in acid soil for best results. 2.5x2m.	50/70	59.99
Magnolia Stellar Gem Sculpted rich pink-purple blooms with white interior. Easy and reliable grower with healthy foliage. 3.5x1.5m.	1yr	59.99
Magnolia Stellata Jane Platt The very best of the pink flowering stellata varieties. Green foliage and gorgeous rich, deep pink flowers in spring. 3m.	.3m	69.99
Magnolia Stellata Rosea Pink buds and pink flushed fragrant flowers which gradually fade to pearly white. Early flowering. Vigorous. 3x2.5m.	.5m	69.99

	Grade	Price
<p>Magnolia Sentry A hardy, small, deciduous tree. Pink purple flowers are tulip shaped and scented. Very narrow columnar growth, so ideal for small gardens or an area where you want height in the garden but not a spreading habit. Prefers moist, fertile soil which is free draining and position in the garden which gets sun for at least half the day.</p>		59.99
<p>Magnolia Sweet Merlot Globe shaped medium sized claret red flowers freely produced on a shrubby bush. Very neat and tidy habit. Flowers last well when cut. 6m.</p>	1m	69.99
<p>Magnolia Sweetheart Deep coloured mid-pink blooms, rich sweet fragrance and early blooming. Upright growth. A seedling of 'Caerhays Belle'. A very desirable popular plant. 4x3m.</p>	1m	69.99
<p>Magnolia Vulcan The best of the best! Arguable the most stunning Magnolia bred to date. Opulent, deep magenta blooms up to 25cm across. A good sized compact tree, suitable for smaller gardens. May take two or three years for the flowers to develop true size and colour. 4x3m.</p>		69.99
<p>Magnolia Stellata Waterlily Vigorous medium sized compact, densely branched shrub. Flowers are semi-double, many petalled and very large in size. Flowers in a profusion of palest pink buds opening to glittering white starry blooms, pink on the outer petals. 2x2m.</p>	.5m	69.99
<p>MALUS - ORNAMENTAL CRAB APPLES</p>		
<p>Malus Ballerina An outstanding flowering Apple. In September bunches of red buds open to large frilly double pink blossoms. Prune after flowering. Very free flowering. 4x2m.</p>		59.99
<p>Malus coronaria Charlottae - 1.5m Standard Large leaves which colour richly in the autumn. Flowers large, semi-double shell pink. Green fruits. 6m.</p>	1.5m std	59.99
<p>Malus Echtermeyer (Weeper) Graceful, low, wide spreading tree with weeping branches. Flowers rose-crimson followed by reddish-purple fruit. Red new growth turns green in Summer.</p>	1.5m	59.99
<p>Malus Gorgeous Very popular Crab Apple. Small deep crimson fruits weigh down the branches in autumn and winter. An excellent culinary variety. Pearly white blossom in spring. One of the best fruiting crabs. 2.5x2m.</p>	1.5m	59.99
<p>Malus Ioensis Plena - Betchels Crab Beautiful large double flowers in its third year. Pink buds open to palest pink blossoms. Very fine autumn tones of orange and red. 3x2m.</p>	1.2m std	69.99

Dual 'Red Bartlett/Conference'	1.25m	74.99
Dual Winter Nelis/William bon Chretien	1.25m	74.99
PLUM		
Most plums need cross pollination. The planting of pollinator is required for fruiting.		
Billington Dark red flesh and skin, ripening in early January. Good for eating and jam. 3-4m. Pollinators: Black Doris, Omega.	120/150	59.99
Billington Early Early, medium size, dark red skin and flesh. Vigorous grower. Pollinators: Santa Rosa, Black Doris.		59.99
Black Doris Black skin and dark red flesh, ripening in late January. Culinary and dessert. A heavy cropper, 3-4m. Pollinators: Billington, Santa Rosa.		59.99
Damson Small with blue-black skin and fairly tart green-yellow flesh, ripening in late January. Heavy crops that are wonderful for jam. 3-4m. Self-fertile.		59.99
Doris (Red) A medium sized red skinned yellow fleshed plum that is sweet and juicy with very good flavour. It crops extremely heavily so is highly recommended for home gardens. Best planted with another Japanese plum variety like Duffs Early Jewel or Santa Rosa. 3-4m.		59.99
Duffs Early Jewel Good flavour. Red skin with yellow flesh. Christmas to mid January maturity. Heavy cropper. Self fertile. An excellent pollinator for other varieties. 3-4m.		59.99
Elephant Heart Very large fruit with red skin and sweet red flesh, ripening in January. Great for eating. Upright and vigorous. 3-4m. Pollinator: Omega.		59.99

	Grade	Price
<p>Hawera Dark red skin with sweet and juicy dark red flesh, ripening in January. Possibly the best blood red plum. 3-4m. Pollinator: Santa Rosa, however appears to be self-fertile in many locations.</p>		59.99
<p>Luisa Mid to late Jan-Feb variety. It produces large, oval, yellow skinned fruits with a reddish blush. An excellent eating variety relatively easy to grow. Self fertile.</p>		59.99
<p>Omega Red skin and flesh, perfect for dessert and bottling. Crops Mature in February. 3-4m. Pollinators: Billington, Santa Rosa.</p>		59.99
<p>Santa Rosa Pinkish skin, fairly sweet yellow flesh, ripening at Christmas. A reliable heavy cropper. 3-4m. Pollinators: Omega, Duffs Early Jewel.</p>		59.99
<p>PLUM Spinosa Prunus spinosa, called blackthorn or sloe, is a species of flowering plant in the rose family Rosaceae. It is native to Europe, western Asia, and locally in northwest Africa. It is also locally naturalised in New Zealand, Tasmania and eastern North America. The fruits have been used to make sloe gin in Britain, and the wood used for making walking sticks or the shillelagh by the Irish</p>	1.2	69.99
<p>POMEGRANATE Wonderful Medium sized round fruit with skin of a leathery appearance. Used for juice or fresh fruit. A jelly like coating covers the many seeds. The flavour is rich. The fruit is produced on the branch terminals and as the fruit matures the increasing size weighs down the branches in a pendulous habit. The fruit matures in autumn. Produces double red flowers throughout spring and autumn. A multi stemmed small shrub. 3x3m.</p>	.3m	39.99
<p>PRUNE Stanley Firm texture with a good sweet flavour. Pick when ripe in February. Bears heavy crops at an early age. Self fertile. 3-4m.</p>		59.99
<p>QUINCE Smyrna Yellow smooth skin, excellent quality fruit which are tender and sweet when cooked. Ripening mid-April. A heavy cropper at a very young age. 4-6m. Self fertile. 3-3.5m.</p>		59.99
<p>Taihape Tender and sweet when cooked. Excellent quality. Mid April maturity. Yellow and smooth. Self-fertile. Healthy and disease resistant. 3-3.5m.</p>		59.99
<p>WALNUT Grafted walnuts usually start producing nuts in 3-5 years and come into full production in 7-10 years. Grafted walnuts are better, more consistent and an earlier cropper as well as being more suitable for wetter soils.</p>		

	Grade	Price
